## EXPERIENCE

**FREELANCE DESIGNER - YEME ARCHITECTS, CARDIFF, UK Feb 2024-present**

- Collaborated in the preparation of planning applications for 3+ residential projects, building regulation submissions, and project documentation.
- Developed 10+ photo-realistic Lumion visualizations for residential planning applications, contributing to successful approvals for multiple projects within tight deadlines.

**ARCHITECT - VOLUME ZERO LTD, DHAKA, BD Feb 2022-Aug 2022**

- Assisted in coordinating project activities, liaising with stakeholders to ensure seamless project execution.
- Supervised site to monitor construction progress and addressed technical issues.
- Performed technical detail design, 3D modelling and visualizations using Auto Cad and Lumion to enhance design communication and client presentations.
- Clearly convey technical details about designs to non-technical stakeholders, such as clients, in a way they can easily understand.

**ARCHITECT- VASTUVITA ARCHITECTS, CHITTAGONG, BD May 2017-Apr 2021**

- Contributed to design development through creative problem-solving and collaboration with other Architects.
- Developed and produced detailed drawings for 10+ residential, mixed use design layouts, considering current building regulation & client needs.
- Mentored 3 interns (4th year B.Arch students), providing guidance on technical skills, design processes, and professional development.
